

7th ANNUAL SYMPOSIUM OF THE AMERICAN CHEMICAL SOCIETY, NIGERIA INTERNATIONAL CHEMICAL SCIENCES CHAPTER

T H E M E :

REPOSITIONING THE CHEMICAL SCIENCES FOR TACKLING EMERGING THREATS TO NATIONAL SECURITY

DATE: 6th-9th March, 2022 **VENUE:** Raw Materials Research and Development Council, Maitama, Abuja

INTRODUCTION/SYMPOSIUM DESCRIPTION

Dear Esteemed colleagues, the Local Organising Committee kindly invites you to participate in the 7th Annual symposium of the of the American Chemical Society, Nigeria International Chemical Sciences Chapter scheduled to hold from 6th to 9th March, 2022. In the light of emerging threats to national security around the world, the annual symposium offers a platform for experts, professionals, early-

career researchers and students in all areas of the chemical sciences to interact, network and share latest developments on works that will help reposition researchers in the chemical sciences towards tackling this challenge. The major sub-themes of the symposium are:

- Industrial Chemicals Safety, Regulations and National Security
- Innovations in Green Chemistry and National Security
- Chemical Education and National Security
- Agricultural Chemicals and National Security
- Chemical sciences, COVID-19 and National Security

Invited Plenary Speakers
